Email: arslankhan52@gmail.com

Research Interests

My research interests lie in the general area of systems and security. In particular, I am interested in embedded systems security, operating systems and trusted/confidential computing.

Education

Purdue University — West Lafayette, USA
Ph.D. in Computer Science, Advisors: Dongyan Xu and Dave Jing Tian — 2018–Expected: December 2023

University of Engineering and Technology — Lahore, Pakistan
B.S. in Electrical Engineering, GPA: 3.46 — 2011–2015

- Thesis: "Design and Implementation of Data Handling Unit for Microsatellites"

Experience

FRIENDS Lab and PURSEC Lab
Graduate Research Assistant — 2018-Current

- Exploring different approaches for making robust Confidential/Trusted Computing Infrastructure and secure embedded systems.

Qualcomm
Interim Engineering Intern - Secure Software Group (SSG) — Summer 2022, 2023

- Worked on enhancing Qualcomm Secure/Trusted Execution Environment (QSEE/QTEE)

Siemens (Formerly Mentor Graphics)
Senior Software Engineer - Virtualization and Kernel Team — 2015-2018

- Worked on design and development of Nucleus Hypervisor and Nucleus RTOS Kernel 4.0.
- Worked on integration of Global Platform (GP) API for Nucleus Hypervisor for ARM TrustZone-enabled devices.
- Worked on the paravirtualization of different guest OS, such as Embedded Linux, including design and implementation of different virtual devices, such as the virtio network device.
- Worked on various architecture and platform ports for Nucleus Hypervisor and Nucleus RTOS.

Al-Khwarizmi Institute of Computer Science (KICS)
Intern - RF Lab — Summer 2014

- Fabrication and programming of motor driver cards and motherboards for Heliostats.

Scholarships and Awards

- Andrews Fellowship, Purdue University Graduate School. 2018–2020
- Role Model, Focal Review at Siemens. 2016

Professional Services

- Artifact Evaluation Committee (AEC): USENIX Security 2022, EuroSys 2023
- External Reviewer:
  - USENIX Security 2023-24
  - IEEE S&P 2021
  - NDSS 2021

Engagement, Diversity, and Outreach Activities

- Lead Graduate Student - PURSEC Lab 2020–Current
  Organized the security reading group at Purdue and research logistics for PURSEC.
- President - Computer Science Graduate Student Association 2022–Current
  Organized different activities for the graduate student association
- Ombudsperson - Computer Science Department Fall 2018 - Current
  Part of the Ombuds Services program at Purdue Graduate School
- Diversity Coordinator
  Part of the Diversity Task Force at Purdue CS
- Faculty Search Committee Representative
  Part of the faculty search/recruitment process at Purdue CS.
